

VENOUS ULTRASOUND IMAGING COURSE

May 14th/
October 15th 2025

Birmingham/ Manchester, UK

7 CPD credits

in accordance with the CPD Scheme of the Royal College of Radiologists.

OVERVIEW

One day specialist Venous course focusing on ultrasound colour duplex imaging of the deep and superficial venous system.

Wessex Diagnostic and Canon Medical Systems are working in collaboration to provide a comprehensive combination of lectures, demonstrations and workshop sessions, designed to cover both the investigation protocols and diagnostic criteria of techniques and their application to the surgical procedures of EVLT, RFA and sclerotherapy.

Topics include:

- Basic principles of ultrasound imaging
- Haemodynamics and Doppler ultrasound techniques
- Lower limb deep venous system
- Lower limb superficial venous system
- Upper limb venous system
- Ultrasound imaging in surgical practice.

**PLEASE SEE PROGRAMME
OVERLEAF**

FACULTY

- **Mr Tim Hartshorne**
Leicester Royal Infirmary
- **Mr Alok Tiwari**
Queen Elizabeth Hospital, Birmingham
- **Matthew Bartlett**
The Royal Free Hospital, London
